After entering all the details user can continue to select the format in which they want their CV to be generated.
E.g.

The screenshot shows the 'CV GEN - Mozilla Firefox' browser window. The URL bar displays 'piyushvostro.com/CVGen/index.php'. The page contains a form with five main sections, each with a 'SUBMIT' button and an 'Add another...' link.

- Personal Information:** first name, last name, email, mobile, photo (Browse... No file selected), address, city, country, objective.
- Work Experience:** Title, company, startmonth, endmonth, startyear, endyear, description.
- Education:** Degree, Stream, College, startmonth, endmonth, startyear, endyear, grade.
- Language:** Language, Level.
- Skill:** Skill, Level.

Below the form, the text 'SELECT YOUR RESUME FORMAT:' is displayed. There are four options:

- ONE PAGE:** Fill up all the details before accessing this.
- MULTI PAGE:** Fill up all the details before accessing this.
- EUROPASS:** THIS FEATURE IS IN DEVELOPMENT PHASE.
- TRADITIONAL:** THIS FEATURE IS IN DEVELOPMENT PHASE.

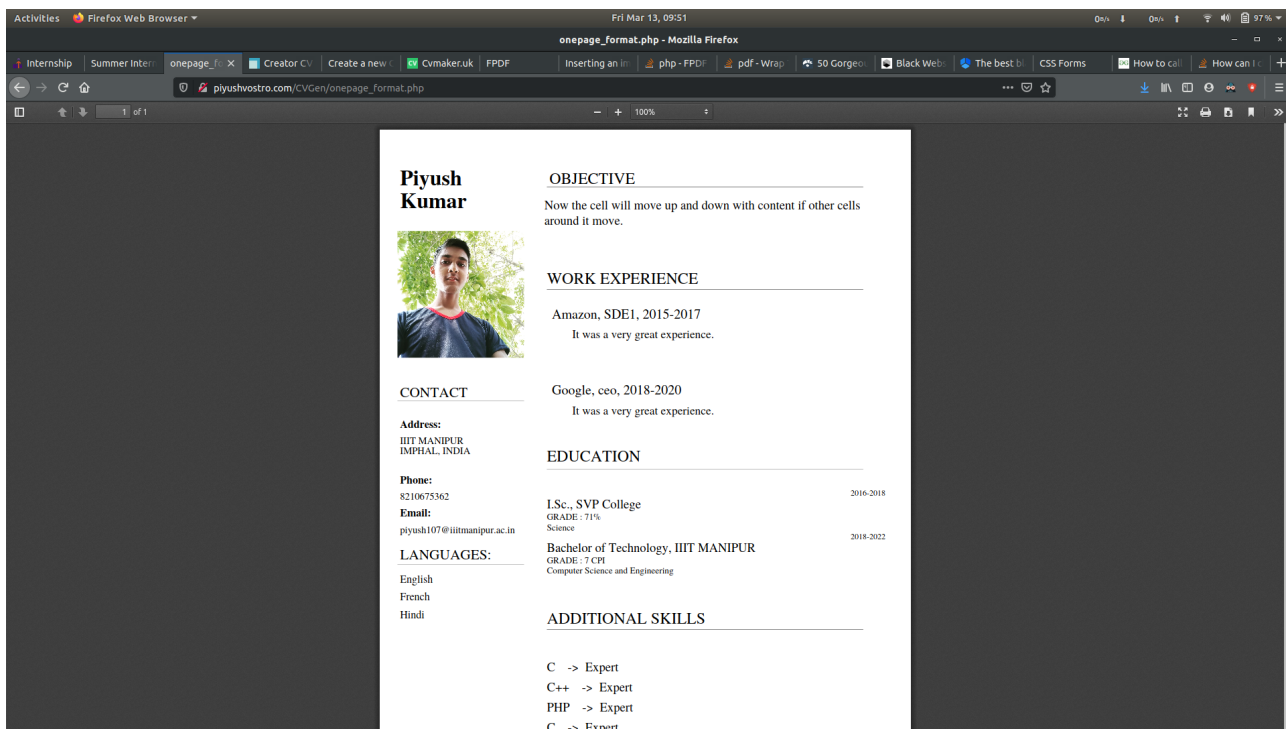

After selecting any one format, user will be redirected to another page where they can select the extension for their CV

e.g.

The screenshot shows the 'CV GEN - Mozilla Firefox' browser window. The URL bar displays 'piyushvostro.com/CVGen/onepage_format.php'. The page has a dark background with the title 'ULTIMATE CV GENERATOR' in red. A 'REGISTER' button is in the top left, and a 'Not piyush? logout' link is in the top right.

The main heading is 'SELECT YOUR RESUME FORMAT EXTENSION:'. Below it, there are four buttons labeled 'PDF', 'ODT', 'DOC', and 'DOCX'.

At the last user will be able to get their beautiful CV.

MAIN FEATURES

1. Login, logout and register using session variable.
2. Ability to add multiple data.
3. The generated CV will be fully dynamic no matter how many data are inserted.
